Les & I spoke and he will be handling the printing & distribution of the door hangers.

Hi Don,

Don't we need any more than the 10,000 in your quote for distribution in local businesses? Maybe the "overs" will be enough to cover the business distribution. Please send me an actual quote which includes the paper stock and does the cost include gloss UV coating? Also, I have never heard of changing the size of any print job to accommodate the printer. Is that change making the cost of the printing less or is it just making the job faster or easier? I made it that size so we could include as much information as possible for a door hanger. I would like to get a quote from the printer for 11,000 pieces in the 6"X10" size with a gloss UV coating.

I don't mean to sound arrogant about this issue but in the last 30 years I have overseen large printing jobs including full life size promo pieces, large corrugated boxes with full glossy labels and literally hundreds of promo pieces of all shapes and texture in my Black Tie business. This job is very simple and I want to use the printer who offers us the best price. I think the best day for distribution is next Wednesday or Thursday but I don't know if the distribution happens in one day or does it take longer to cover 90045? When do they need to have the pieces in hand?

Thanks for your work with Fox Hills Printing and if they can offer the best price I will be happy to use them. In either case, we need to make a decision on this no later than tomorrow, maybe even today.

Les

Hi All...

Cynthia is right, we need to get our door hanger to the printer! In that regard, please note the template that is attached to Fox Hills Printing's cost quote. Does our design conform to this? Even though we got a local quote from Patrick for \$625 vs Fox Hills \$980, I'd rather go with the proven provider (Fox Hills) who has direct access to our distributor, which saves costs & time for us. Jack Davis, our BID Board member uses and recommends him. I can try to call him and get his price down too.

Thoughts?

Don,

below are the prices, we need 4 days to complete the job and make sure whoever is designing the door hanger uses the attached template. We'll need a "PRINT QUALITY" PDF to print from.

5000 door hangers = \$580 + tax
10000 door hangers = \$980 + tax

The door hangers are printed on card stock with a gloss finish.

thanks,

Javier

Size is 4.25 x 11 so that it can print 2 up w/ no loss.

Donald,

the size of the card you attached seems to be 6x11, is this correct ?

let me know before I do the pricing, the distribution is done by Hernandez you can ask him for the pricing on that.

I was referred to you by Jack Davis, CBRE Realtor, who is a member of our Farmers' Market BID Board. He thought you would have the best pricing for this project.

We want to print flyers and distribute them to every home in 90045. Do you have a map of that area you can send me?

Flyer delivery would be scheduled for Thursday July 14 or Friday July 15.

Can you give me a price quote on the printing and a separate quote on the distribution? Or do I need to contact Hernandez separately?

Attached is the flyer copy.

I'd like a quote for 5,000 quantity and 10,000 quantity. How many do we need for the job?

Thank you Javier.

My telephone is 818-515-1259.
